

Sewer Rates and Fees Schedule

General

1. All owners of improved real property located within the City and whose property abuts the public sewer line and whose premises on said property are located within two hundred (200) feet of the public sewer line and can be served by gravity flow are required to connect said premises to the sewer line within six (6) months of the sewer line construction and will be billed for consumption charges beginning upon the first day of use or six (6) months after the project construction is completed, whichever occurs first.
2. Customers must file an application for sewer service with the City. Upon approval of the application, the customer shall pay appropriate tap and capacity fees before a tap is constructed or the customer is allowed to connect his plumbing piping to the public sewer line.
3. Any customer who is within an area approved by the Trinity City Council for sewer line extensions and who requests a service tap by a date certain as set by the Trinity City Council will be eligible to pay a discount tap fee.
4. No swimming pools shall be connected to the sewer system.
 - A. Any residential customer with a privately owned swimming pool will be allowed an annual sewer bill adjustment for filling the pool. The minimum volume of water used for this purpose must exceed 5,000 gallons based upon water consumption records for that month.
 - (1) The pool owner must make the request to the City and the last 12 months of water consumption records will be reviewed by the City to determine the amount of the sewer charge to be adjusted. Any residential customer who must refill a pool during the same season because of making repairs to the pool must make application to the City, meet the aforementioned minimum water consumption criteria and provide proof of swimming pool repair.
5. Separate meters will be required for any customer who wishes to separate water consumption usage that is not returned to the sewer system for filling pools, irrigation, etc.
