- 6703 NC HWY 62 behind annex building
- Info: 431-2841
- FREE for CITY RESIDENTS
- Children under 12 must stay in vehicle

WHEN DO YOU NEED A PERMIT

If you are considering building a new home or garage, or adding an accessory structure, it is important that you get the appropriate permits. A permit insures that your construction project complies with zoning and stormwater regulations.

Your first stop is City Hall. City staff will sit down with you to discuss your construction project and lay out what you need to get started. Beginning with our development review checklist, we will discuss the steps you need to take and determine whether or not you need a permit.

The cost of permits range from \$0 to more than \$300.00 depending on the complexity of the project and the level of technical review required for approval.

PERMIT INFORMATION:

Effects of stormwater runoff

Stormwater runoff that has been polluted has adverse effects on plants, fish, animals, and people.

Sediment clouds the water and makes it difficult for aquatic plants to grow and can destroy aquatic habitats. Too many nutrients form fertilizers and pesticides can cause algae blooms, and in turn, remove oxygen from the water when it begins to decompose. When oxygen levels are low, fish and other organisms cannot survive.

Bacteria and other pathogens from pet waste can wash into recreational areas and create serious health problems. Litter, such as cigarette butts, bottles, cans, and plastic items often wash into creeks and streams and can kill, suffocate or hurt the creatures that reside there.

Most open burning illegal in NC

North Carolina law prohibits most open burning because the smoke from outdoor fires can cause serious health problems and pollute the air. It is illegal to burn trash and other non-vegetative materials. However, homeowners can burn yard trimmings - except for stumps and logs over 6 inches in diameter - as long as it doesn't cause a public nuisance. Other allowable burning includes fireplaces, campfires, outdoor barbecues and bonfires for festive occasions. Landowners may be allowed to burn vegetation to clear land or clean up storm debris, but they should check first with the Division of Air Quality in Winston-Salem.

Open Burning Hot Line
 1-877 OPEN BURN (1-877-673-6287)
 Division of Air Quality: (336) 771-5000
<http://www.ncair.org/>

The Division of Air Quality enforces open burning regulations. Violators can be fined up to \$25,000 per violation.
